General Information

Moses Lake is the largest school district in the scenic Columbia Basin. The district has experienced steady growth over the last five years. The current enrollment now exceeds 6,000 students. Moses Lake operates eight elementary schools, two middle schools, one high school, one alternative high school, and one alternative middle school. The district also has a birth-to-three program and a preschool program for students with special education needs. Moses Lake schools are “schools of choice.” Parents have the option of enrolling their child in the school in their service area or any other school in the district. Enrollment in the school of choice is subject to space availability. Middle school students are able to earn high school credits as eighth graders and high school students are able to complete up to two years of college through the Running Start program.
